

Big River Public High School

We believe

At BRPHS we believe in the values of caring, respect, integrity and hard work as essential cornerstones to a long and fulfilling life. We believe that the path to success lies in accepting challenges as opportunities for growth and self-empowerment. BRPHS is committed to student achievement. Our vision is the pursuit of excellence, respect for diversity and achievement for all.

What our staff learning looks like

Our staff is committed to building their skills, knowledge and practices to better support the diverse needs of all students. This is an ongoing practice achieved through a process of collaboration with colleagues and other professionals. We use our embedded professional development time to learn about the needs of our students, and to connect with our stakeholders. Our priority is to enhance relationships to build a strong, differentiated, inclusive and culturally responsive learning community.

What does excellence look like

At BRPHS we show excellence by striving to build positive, happy, thriving students and staff. Excellence is when all of our stakeholders (students, families, staff and community) feel connected and supported in a positive environment. Excellence is demonstrated when everyone is able to achieve their individual goals and reach their full potential.
